#### Soft Skills

problem-solving, teamwork, attention to detail, continuous learning, time management.

### Professional Experience

---

#### Front-End Developer (Freelance) (Jan 2025 – Present)

Building and styling responsive web pages using React and Tailwind CSS.  
Writing clean, reusable components and managing code with Git.

#### Front-End Intern – Web Master (Mar 2024 – May 2024)

Assisted in developing UI components and features using React.js.  
Optimized website performance by refactoring code and improving load times.  
Supported API integration and basic state management

### Projects

---

#### Book Store (Full-Stack Project)

**Tech Stack:** React, TypeScript, Tailwind CSS, Material UI, Redux, React Query,  Rest Api, Stripe.

#### Features:

CRUD operations for books  
Advanced search & filters  
Favorites/Wishlist  
Shopping cart & order management  
User authentication with JWT  
Admin dashboard & role-based access  
Stripe payment integration  
Responsive & cross-browser compatible design

#### Portfolio Website

**Tech Stack:** React and Tailwind CSS.

**Features:** responsive design, project highlights, and contact form.

## Car Sales Platform

**Tech Stack:** React, Material UI, Tailwind CSS, Context API, Firebase.

### Features:

Responsive and user-friendly UI  
User authentication and role-based access control  
CRUD operations for car listings (add, edit, delete)  
Detailed car view pages displaying images, specs, pricing, and seller info  
Optimized performance and cross-browser compatibility  
Secure payment processing with Stripe integration  
Booking and cancellation functionality for car reservations

## Education

---

### Bachelor's Degree in Computer Science

Faculty of Science, Benha University  
Graduated 2025
