Profile

I'm Hazem Mahisin, a Front-End Developer passionate about creating interactive and seamless web experiences. I thrive on writing clean code, learning new technologies, and constantly improving my skills.

Professional Experience

Front-End Developer (Freelance) (Nov 2024 – Jan 2025)

I built car sales and rental websites using React, Tailwind CSS and Firebase integration with admin privileges. Focused on responsive design and performance optimization.

Front-End Intern – Web Master (Mar 2024 – May 2024)

Worked on React projects, UI development, and API integration. Enhanced website performance by optimizing code and improving load times

Projects

Book Store (Full-Stack Project) [🔗](#)

Built with React, TypeScript, Material UI, Tailwind CSS, Redux, ReactQuery, and API integration. Backend using Node.js and Express for authentication and database management.

Features: Book search, cart, user authentication, order management and Stripe for payments.

Car Sales Platform (Full-Stack Project) [🔗](#)

Developed with React, Material UI, Tailwind CSS, Context API, and Firebase for authentication and database.

Features: Car listing management, search, filtering, pagination, real-time updates, and Stripe for payments.

Portfolio Website [🔗](#)

Designed and developed using React and Tailwind CSS to showcase projects and skills.

Features: Responsive design, project highlights, and contact form.

Education

Bachelor's Degree in Computer Science

(September 2020 – February 2025)

Faculty of Science, Benha University

Skills
