Soft Skills
Problem-Solving, Teamwork, Attention to Detail, Continuous Learning, Time Management

Professional Experience

Front-End Developer (Freelance) (Jan 2025 – Present)
Built and styled responsive web pages using React and Tailwind CSS.
Developed clean, reusable UI components following best practices.
Managed and maintained codebase using Git for version control.
Worked on various projects including e-commerce sites and personal portfolios.

Front-End Intern – Web Master (Mar 2024 – May 2024)
Assisted in developing UI components and features using React.js.
Optimized website performance by refactoring code and improving load times.
Supported API integration and basic state management.

Projects

Book Store (Full-Stack Project) ⬈
Tech Stack: React, TypeScript, Tailwind CSS, Material UI, Redux, React Query, Rest Api, Stripe.
Features:
CRUD operations for books
Advanced search & filters
Favorites/Wishlist
Shopping cart & order management
User authentication with JWT
Admin dashboard & role-based access
Stripe payment integration
Responsive & cross-browser compatible design

Portfolio Website ⬈
Tech Stack: React and Tailwind CSS.
Features: responsive design, project highlights, and contact form.

Car Sales Platform ⬈
Tech Stack: React, Material UI, Tailwind CSS, Context API, Firebase.
Features:
Responsive and user-friendly UI
User authentication and role-based access control
CRUD operations for car listings (add, edit, delete)
Detailed car view pages displaying images, specs, pricing, and seller info
Optimized performance and cross-browser compatibility
Secure payment processing with Stripe integration
Booking and cancellation functionality for car reservations

Education

Bachelor's degree in computer science
Benha University
