Soft Skills
Problem-Solving, Teamwork, Attention to Detail, Continuous Learning, Time Management

Professional Experience

Front-End Developer – Tadbeer (june 2025 – Present)
Built responsive web pages, created reusable components, collaborated with teams to deliver projects on time, managed code and documentation, and contributed to e-commerce, portfolio, and content-management projects.

Freelance Front-End Developer (May 2024 – june 2025)
Successfully delivered multiple client-facing projects from concept to deployment, focusing on speed and maintainability. Specialized in custom component development, performance optimization, and integration with various third-party services and APIs.

Front-End Intern – Web Master (Mar 2024 – May 2024)
Assisted in building React UI components, optimized performance, and supported API integration with basic state management.

Projects

Tadbeer Platform ⊡
Tech Stack: Next.js, Tailwind CSS, Shadcn UI, API Integration.
Features: High-Performance SEO Architecture, Fully Responsive Design, Content Management API Integration, Professional Service Display, Cross-Browser Compatibility.

Book Store (Full-Stack Project) ⊡
Tech Stack: React, TypeScript, Tailwind CSS, Material UI, Redux, React Query, Rest Api, Stripe.
Features:
Book CRUD, advanced search & filters, favorites, shopping cart & order management, JWT authentication, admin dashboard with role-based access, Stripe payment, responsive & cross-browser design.

Portfolio Management System ⊡
Tech Stack: Next.js 15, TypeScript, Supabase (PostgreSQL), Tailwind CSS.
Features: Secure Admin Dashboard for real-time content management, Dynamic SEO & automated metadata, Supabase backend with secure Auth, and high-performance rendering via Next.js 15 Server Components.

Car Sales Platform ⊡
Tech Stack: React, Material UI, Tailwind CSS, Context API, Firebase.
Features:
Responsive UI, user authentication & role-based access, CRUD for car listings, detailed car pages, optimized performance & cross-browser compatible, Stripe payment integration, booking & cancellation functionality.

Education

Bachelor's degree in computer science
Benha University
